 - Project Timeline
 - Work Progress
 - What To Expect Next
- Committee Discussion
- Community Engagement

LAND ACKNOWLEDGEMENT

Metrolinx acknowledges that we connect communities by building and operating transit within the traditional lands of the Anishinaabe, the Haudenosaunee and the Huron-Wendat peoples, for whom these lands continue to have great importance.

Treaties between First Nations and governments cover these lands, and the promises contained in these Treaties remain relevant to this day.

Metrolinx and its employees are committed to understanding the history of these lands and the continued impacts of colonization and take responsibility for actions to advance reconciliation.

Metrolinx will continue to seek the knowledge, expertise and experience of Indigenous partners and commits to doing business in a manner that is built on a foundation of trust, respect and collaboration.

Safety Moment

GO Expansion Overview

The GO Expansion program will provide a range of improvements across the GTHA:

**More
all-day
service**

**Service
in both
directions**

**Capacity for trains
every 15 minutes
or better**

**Faster
and more
efficient fleet**

**More accessible
stations**

**An expanded
Union Station**

Over 10,000
weekly trips from
3500 weekly trips
in 2019

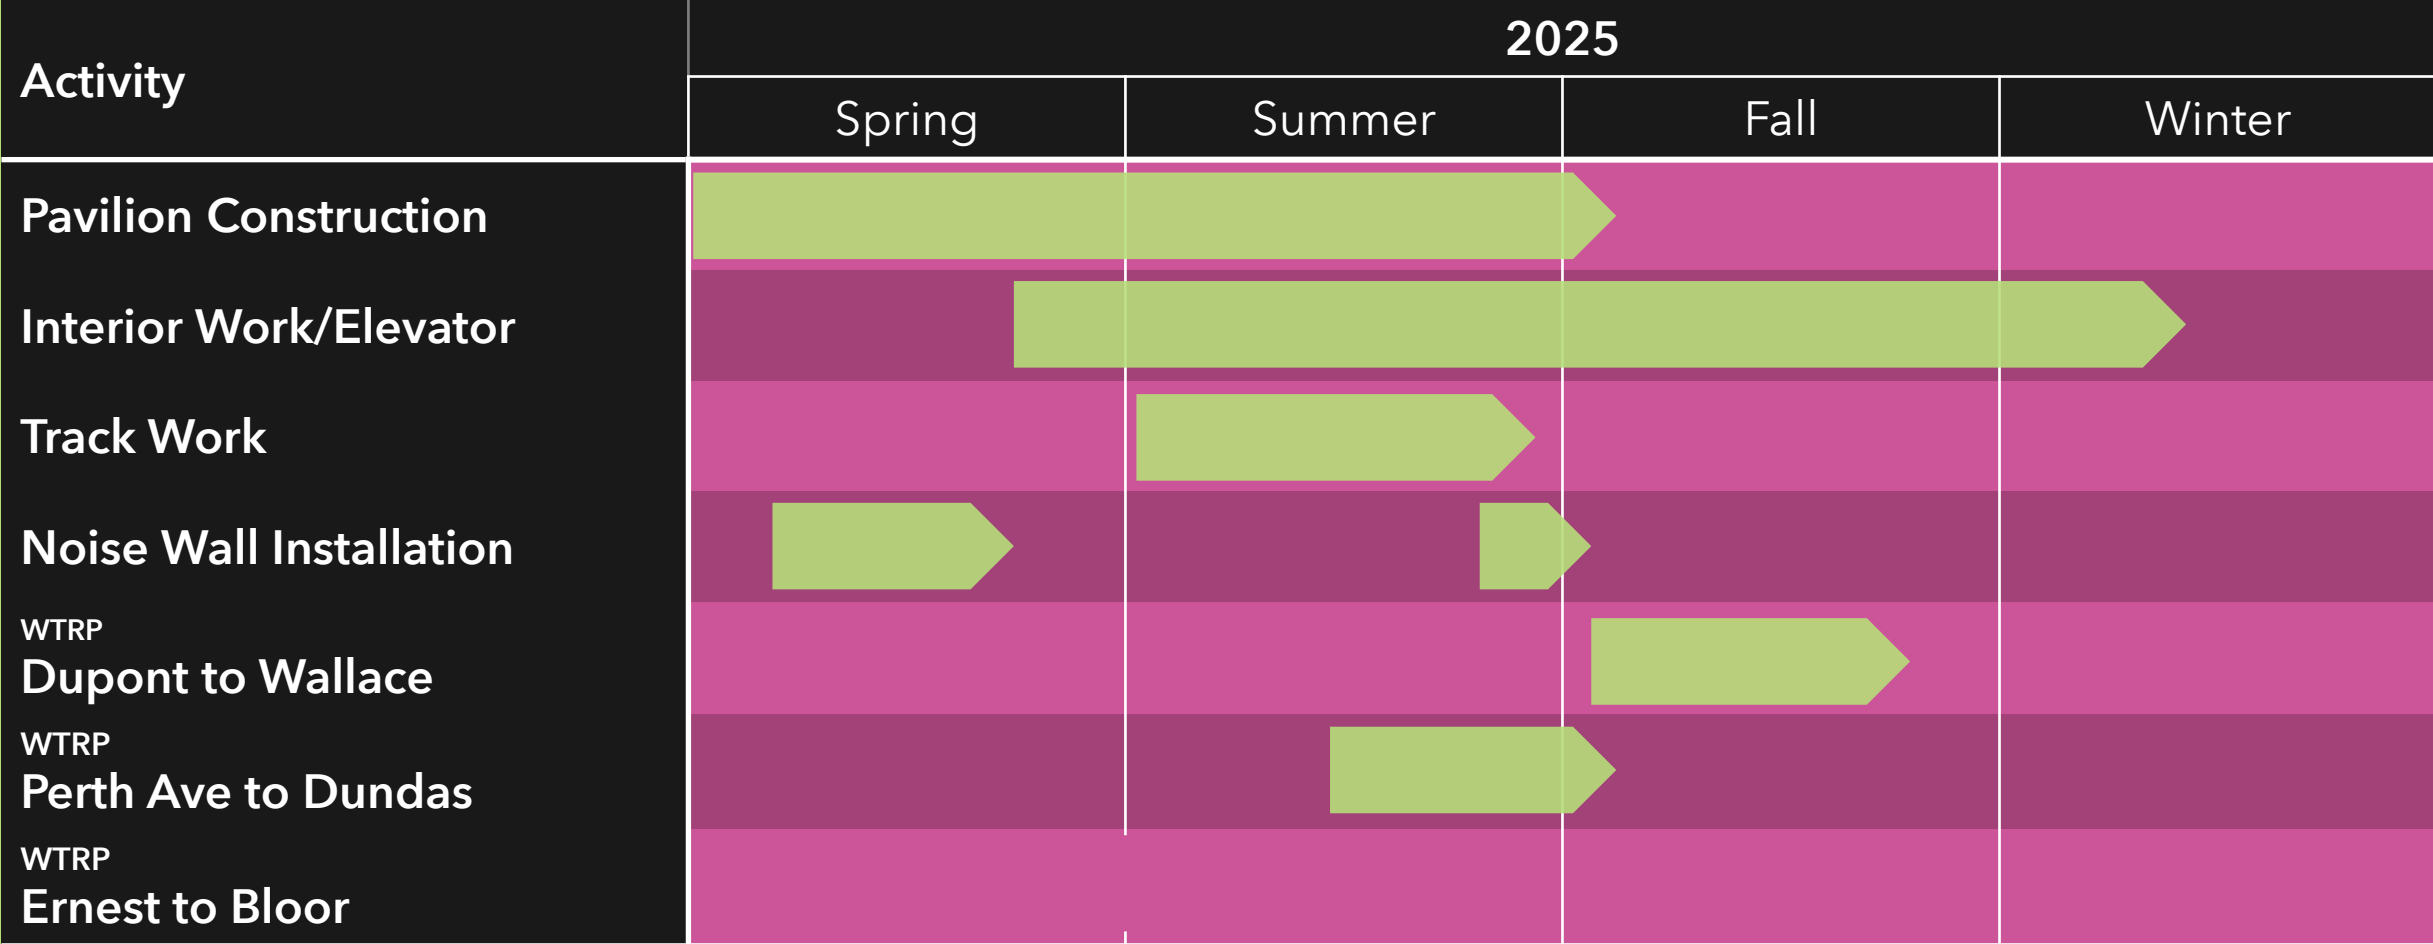

New trains will reach
speeds of 140km/h
between stations, making
the GO Train faster than
taking a car in virtually
every instance

Improvements to
stations access and
boarding and
alighting

Capacity for train
and passenger
movements for the
rest of the century

Kitchener Fourth Track Project Update
