

Burloak Drive 10-day Road Closure

May 22-June 01, 2026

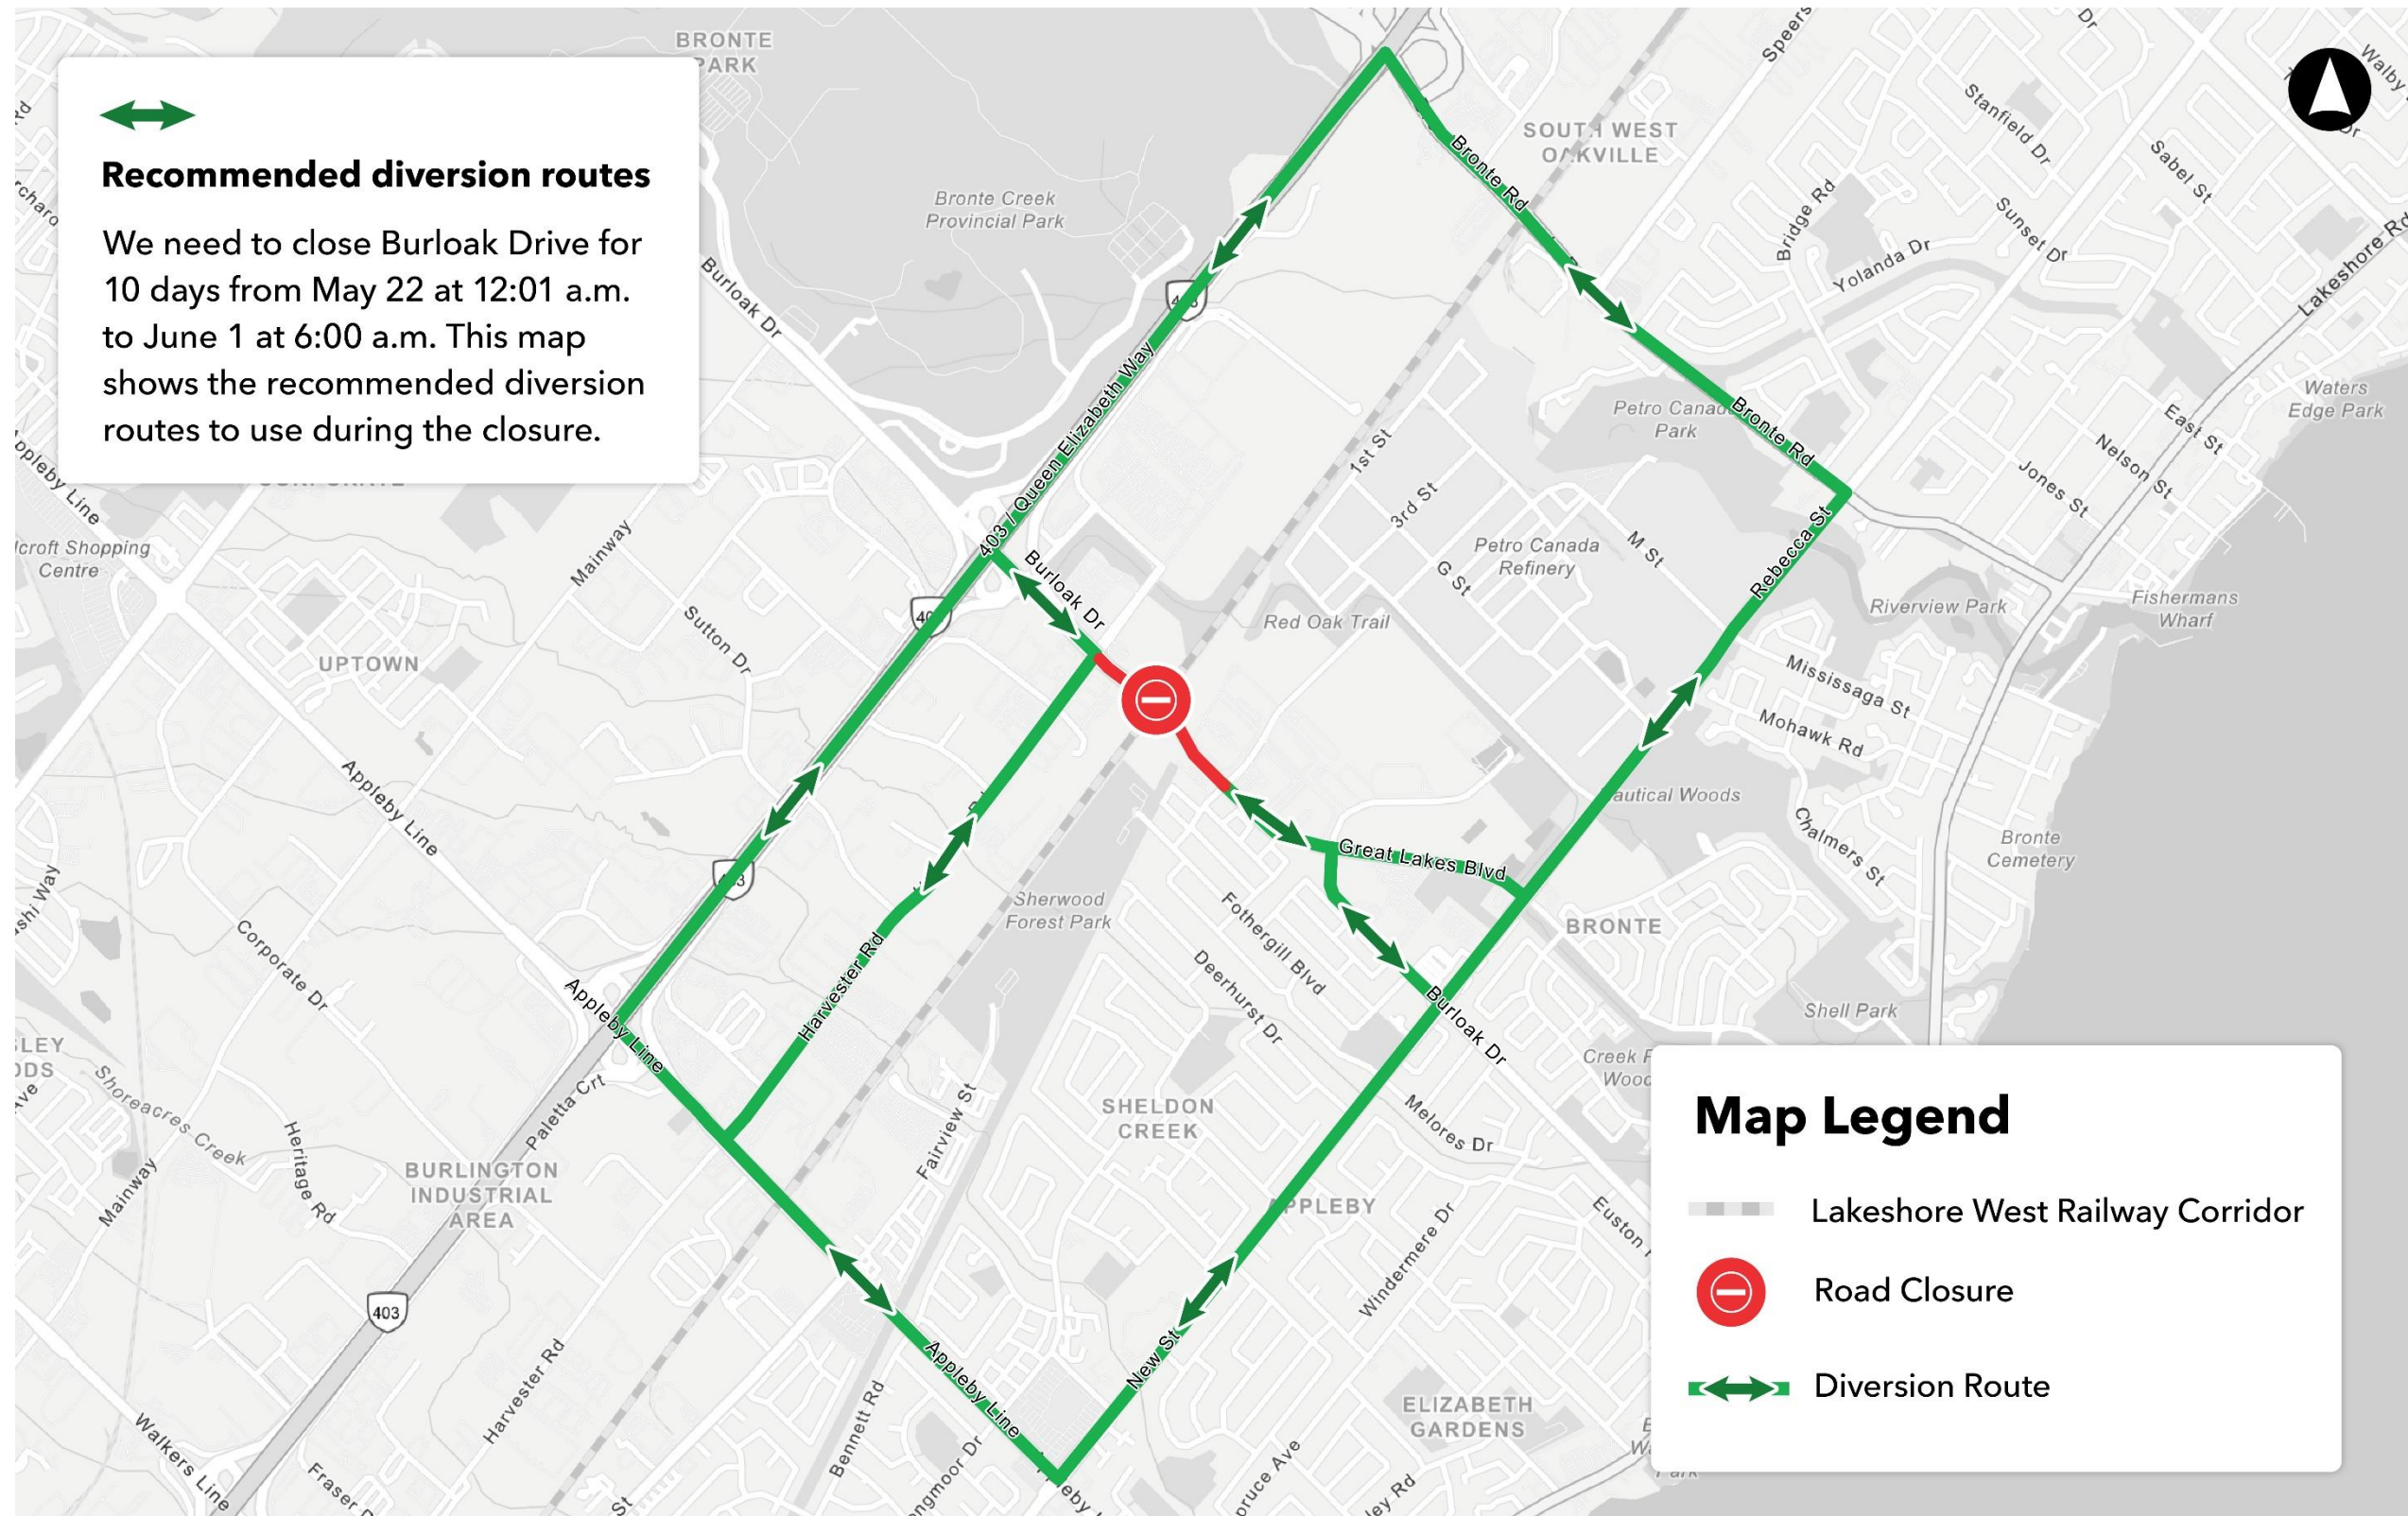

WHAT IS HAPPENING?

To support the increase in GO Service on the Lakeshore West rail corridor, Metrolinx is working with the City of Burlington and the Town of Oakville to build the grade separation (separation of the road from the rail corridor) at Burloak Drive. This work will enhance pedestrian and vehicular safety and will optimize traffic flow at this rail crossing.

We need to fully close Burloak Drive between the Harvester/Wyecroft Roads and Prince William Drive/Superior Court intersections from May 22 to June 1, 2026.

Information as of: April 2026

WHAT WORK IS TAKING PLACE?

We need to close the entire road and the sidewalks to bring the new rail tracks into service on the new bridge, relocate and pave the at-grade railway crossing on the Burloak detour road, and install storm sewers south of the Burloak and Harvester Dr./Wycroft Dr. intersection.

WHAT TO EXPECT

- There will be a full road closure of Burloak Drive from Harvester/Wycroft Road to Prince William Drive/Superior Court. The sidewalk and bike lane will also be closed.
- Burloak Drive will be closed as of May 22 at 12:01 a.m. and reopen on June 1 at 6:00 a.m.
- The intersection will remain open but the works will result in the restriction of certain traffic movements, appropriate signage will direct traffic.
- Access to 700-728 Burloak Drive Plaza will be maintained via Prince William Drive.
- Emergency vehicle access will be maintained at all times.
- Surrounding residents and business will experience traffic disruptions, noise, dust, and vibration from the construction.
- Please visit;
<http://www.oakvilletransit.ca> and
<http://www.burlingtontransit.ca>, for information on bus detours.

Contractors will take reasonable precautions to minimize disturbances to residents and businesses including but not limited to the following:

- Ongoing monitoring for noise and dust
- Regular sweeping of streets.
- Mud mats at site exit points to control and prevent dirt from leaving the site.
- Detour routes outlined during intersection closures with required signage.
- Limiting construction traffic and no parking on public streets

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place who works with residents and businesses in the Halton Region.
- If you have any questions, please contact us using the information provided below. To receive updates, sign up for the Halton Region e-newsletter at www.metrolinx.com/subscribe
