

# Utility Works on Yonge Street and Eglinton Avenue East

As early as Saturday, May 24, 2025

## Project Overview

Metrolinx's Eglinton Crosstown LRT will be a new 19-kilometre light rail transit line in midtown Toronto. With 25 stations and stops along the dedicated route, getting across town will be up to 60% faster than before. The Crosstown will link to 54 bus routes, three TTC subway stations and GO lines, providing important transit connections to get people to where they need to go faster than ever before.

## What You Need to Know

As early as Saturday, May 24, 2025, crews at Eglinton Station will be performing utility works at Yonge Street and Eglinton Avenue East. To facilitate this work safely, short term periodic lane closures will be required in the northbound and southbound lanes on Yonge Street, north of Eglinton Avenue East. One lane of traffic in each direction will remain in place at all times. This work is expected to take place between 6:00 a.m. and 6:00 p.m. for approximately three (3) days. Upon completion of this work, short term lane reductions may be required to facilitate special activities.

### WHAT TO EXPECT

- Crews will be performing utility works on Eglinton Avenue East and Yonge Street.

### HOURS OF WORK

- As early as Saturday, May 24, 2025, for approximately three (3) days
- This work is expected to take place between approximately 6:00 a.m. and 6:00 p.m.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- This work may be longer or shorter than expected.

### TRAFFIC DETAILS

- Short term periodic rolling lane closures will be required in the northbound and southbound lanes on Yonge Street, north of Eglinton Avenue East.
- One lane of traffic will remain in place at all times.

### PEDESTRIAN DETAILS

- No changes to the current pedestrian routes are expected as a result of this work.

### TRANSIT INFORMATION

- Access to TTC will be maintained at all times.
