Ontario Line

Construction Notice

UPDATE: Exhibition Portal Construction

Expected Phase of Work : Late February, 2025-late June, 2025
Hours of work: Weekdays from 7 a.m. to 6:00 p.m.

Map of Work Area

What is happening?

- A tunnel launch shaft and portal are being constructed at the east end of the Ontario Line work site at Exhibition Station.
- Following the start of excavation works in November 2024, the site will now enter a new phase of work, deeper into the soils east of Hanna Avenue, north of the GO rail tracks.
- New on-site equipment will be used to excavate deeper into below-grade rock, creating a portal entry for the Ontario Line tunnel boring machines, and eventually, Ontario Line subway trains.
- This current phase of work will commence in late February 2025, and continue through the end of June 2025.
- Work will occur on weekdays, from 7:00 A.M. to 6:00 P.M. Monday through Friday. This excavation work is taking place within the existing Ontario Line work zone on the south side of Liberty Village.

What to Expect

- A purpose-built concrete ramp will be constructed to support trucks entering and exiting the site to hall spoils.
- Rock spoils will be raised out of the excavated shaft and transported away using dump trucks. Trucks will continue to use the current access route from the west into the site at Hanna Avenue and exiting the site at Jefferson Avenue continuing westbound.
- Equipment will include excavators, hydraulic breakers, a grinder, and a ripper working on site to advance excavation.
- Residents and businesses can expect to hear noise from excavation equipment working at the portal site.
- When required, flag personnel will guide vehicles to and from sites, ensuring pedestrian, cyclist, and vehicle safety.
- Mitigations will be in place to ensure debris and dirt are not spread to city streets, and trucks and other equipment will be kept clean.
- Crews may arrive on site earlier than 7:00 A.M. to prepare machinery and equipment.
- Work may be postponed or re-scheduled due to unforeseen circumstances.
- All necessary construction permits have been obtained.
