WHAT YOU NEED TO KNOW

As part of state of good repair maintenance work, crews will be working on the Lawrence Avenue West railway bridge to conduct concrete repairs to the abutments and soffit (bottom of the rail bridge) starting on Wednesday, March 25, 2026.

The work will take up to six weeks to complete, and will take place from Monday to Friday between the hours of 9:00 a.m. to 4:00 p.m.

This work will require staged lane and sidewalk closures on Lawrence Street. Traffic flow in both directions will be maintained, and signage will be in place for drivers and pedestrians.

WHAT TO EXPECT

- Crews will be conducting concrete repairs to abutments (walls adjacent to the sidewalks) and soffit (bottom of the rail bridge).
- Equipment may include a skid steer, scissor lift, various trucks and other machinery.
- Crews will implement measures to reduce disturbances, including:
 - White noise backup alarms on vehicles and equipment.
 - Adjusted work hours and engineering controls to reduce dust, light, and noise.
 - Lighting directed away from residential windows and public spaces.
 - No unnecessary equipment idling.
 - Water and, in drier months, calcium chloride to control dust.

LOCATION

- Work will take place on Lawrence Avenue West at the Barrie GO line rail bridge. See figure 1 on previous page.

WORK HOURS

- Work will occur from 9:00 a.m. to 4:00 p.m. on weekdays.

TRAFFIC & PEDESTRIAN DETAILS

- Staged lane and sidewalk closures will be in place. Wayfinding signage and traffic management will be implemented to guide drivers and pedestrians.

TRANSIT DETAILS

- There will be no impacts to GO or TTC service.
