Construction Email Updates

Monthly Construction Update – Bloor Go (TTC Connection)

Date: March 12th, 2026

This is a monthly update on construction activities for the **Bloor GO (TTC Connection)** construction project. It includes a summary of work completed in the past month, upcoming or ongoing activities, and any potential community impacts residents and businesses should be aware of.

1. Recently Completed Work

Figure 1: Eastbound Reinforced Concrete Frame

- **TTC Opening Frame – Eastbound and Westbound Staircase:** Kenaidan (KCL) performed concrete wall repairs, installed waterproofing for the grade beam and the reinforced concrete frame near the future TTC opening, In the coming month, we will be breaking through to the TTC stations in two locations on the east and west. These frames will form the tunnel entrances into the station.
- **Completed Stair B (Westbound) Bottom Landing Removal:** Demolished and removed the existing bottom landing
- **Westbound Protection Wall Removal:** Demolished and removed the protection wall within the Westbound staircase, to install the Reinforced concrete frame for the future TTC opening.

2. Upcoming or Ongoing Work

Activity 1: Westbound and Eastbound TTC Station Wall Demolition and Removal

- **Location:** Concourse level – P2 level of The Crossway apartment building
- **Timing:** Month of March – daytime
- **Potential Impacts:** Minimal noise and dust within the hoarded area.
- **Mitigation Measures:** Dust reduction with water, noise monitoring

Why this work is happening now:
This phase of work is an exciting milestone as it is the future opening passengers will use to access the TTC platform and line 2 network. Once complete this will allow us to start building the stairs that lead to this opening.

---

3. Looking Ahead

Over the coming months, construction is expected to continue as before, further progressing the work within the westbound and eastbound staircases. We will continue to provide advance notice ahead of any significant changes to construction activity or potential impacts.
