Re: Siting of the GO transit layover facility in the Don Valley

Dear Mr. Phil Verster and Mr. Donald Wright,

We, the undersigned, request Metrolinx work with the City of Toronto, the Federal Government and Torontonians to find an alternative location for the GO transit rail maintenance facility currently slated to be placed in the Don Valley, the heart of our City's ravine system.

It has taken decades of political advocacy, community organizing, and legal action to reverse the industrial pollution in Toronto's precious ravines. We are concerned that Metrolinx's plan to site a maintenance facility in Toronto's urban ravine system will threaten all the work that has been done to restore this urban park that is frequented by Torontonians from all four corners of our city. Any development that takes place in this fragile ecosystem has to be done with the utmost caution and care.

We are requesting two actions from Metrolinx. First, we request Metrolinx attend a meeting hosted by us so the community can give feedback and receive the latest information on the project. Second, we wish to work with Metrolinx to look for an alternative location to minimize damage to this ecologically sensitive park.

Building transit is vital for our region, however, transit must also be built right and it must be built to serve the public interest. We look forward to your prompt response.

Sincerely,

Jessica Bell
