

Eglinton Crosstown West Extension

Site Office at Richview Road

The Eglinton Crosstown West Extension (ECWE) is one of four new subway projects that will transform transit in our region; getting hundreds of thousands of people where they need to be better, faster and easier than today.

WHAT WORK IS HAPPENING?

WestEnd Connectors Construction (WECC), the contractors for the ECWE project, will be setting up a temporary site office at the cul-de-sac at Richview Road. The workspace will be used for the storage of generators, washrooms, and other materials, and will not impact traffic lanes on Eglinton Avenue West or Richview Road.

Setup of the site is anticipated to begin in June 2022 and the site will be in place until December 2022, with the possibility of extension. The information provided above is anticipated based on the current construction schedule and is subject to change.

If you have questions about what's happening near you and what to expect during construction, contact the Eglinton Crosstown West Extension Metrolinx community relations team for answers.
