

Geotechnical Investigation at Long Branch GO Station Parking Lot

Starting in Late May 2022

An aerial image showing the work zone at the Long Branch GO Station. The work zone depicted is approximate and for illustrative purposes only.

Project Overview

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15-minutes or better on the Lakeshore West Rail Corridor.

To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. This includes accessibility and amenity improvements to Toronto's Long Branch GO Station located at 20 Brow Drive in Etobicoke.

What is Happening?

As part of early works for the Long Branch Station upgrades, crews will be drilling vertical boreholes to complete a geotechnical investigation in (1) the parking lot area; and (2) the area north of the tracks. The investigation activities will inform future station improvement works.

Hours of Work

Borehole drilling is expected to begin the week of May 23, 2022 and will continue for approximately three (3) weeks. Work is expected to take place Monday to Friday within the hours of 7:00 a.m. to 5:00 p.m.

Work may be rescheduled or extended due to weather conditions or unforeseen circumstances.

What to Expect

Crews will use a track mounted drill rig to perform the investigation works. Customers and residents may experience some noise and vibration from construction vehicles and equipment. Crews will drill one borehole at a time, the work zone will be

safely delineated and may require the closure of 6-8 parking spaces per day in the station's parking lot.

Traffic & Pedestrian Details

The work may require the closure of 6-8 parking spaces per day in the station's parking lot. Pedestrians and motorists will be routed around the delineated work areas.

Transit Information

No impacts to TTC, or other public transit modes are anticipated during this work.

Community Engagement

We are improving transit in your community. You may have questions or need to get in touch with us as work progresses. Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area. Contact us at: TorontoWest@metrolinx.com or 416-202-3900.
