- 3.15 Submission Evaluation

3.15.1 Submissions shall undergo several phases of evaluation based on documentation provided and Vendor Performance Rating information contained in the Metrolinx MERX Portal.

3.15.2 Mandatory criteria will be rated pass or fail. All other criteria shall be evaluated in accordance with Section 3.15 herein. Evaluation shall occur in two (2) phases, as follows:

(a) **Phase One: Administrative Evaluation**
(Compliant/Non-Compliant)

(i) Submissions shall undergo an administrative evaluation to determine compliance with the administrative mandatory requirements. Only those Submissions determined in the sole opinion of Metrolinx, to have fulfilled all the administrative mandatory requirements shall proceed to Phase Two of the evaluation process. Submissions that do not meet the administrative mandatory requirements shall be considered non-compliant and shall be disqualified.

1) Administrative mandatory requirements include, but shall not be limited to, completion and submission of Tender Document Forms:

a) Form of Tender; and

b) Contract Prices.

(b) **Phase Two: Vendor Performance Rating (VPR)**
(Part A) and Pricing (Part B) Evaluation

(i) Part A - Vendor Performance Rating (VPR) Evaluation

1) The VPR of each Bidder's Submission proceeding to this Phase Two: VPR Evaluation shall be evaluated as follows:

a) For this Tender Process as it relates to evaluation of a Bidder's VPR, "Performance Category" shall be defined as IT Managed Systems and Services (Enterprise Level).

b) For this Tender Process, the Vendor Performance Rating ("VPR") is the average of a vendor's performance evaluation scores (as assessed by or on behalf of Metrolinx), in the Performance Category, for a thirty-six (36) month period preceding the Closing.

- c) If a Bidder has not completed any work for Metrolinx for a thirty-six (36) month period preceding the Closing, for the purpose of evaluating the Submission, the Bidder will be assigned a VPR in the Performance Category, which is the straight average of all the VPR's of all vendors who have performed services for Metrolinx for a thirty-six (36) month period preceding the Closing, in this Performance Category.
 - d) The legal name of the Bidder stated on the Form of Tender will be used for determining the Bidder's VPR score in the Performance Category. It is the responsibility of the Bidder to ensure that its proper legal name has been stated on the Form of Tender and matches the legal name used by the Bidder in setting up its legal profile in the Metrolinx MERX Portal. Metrolinx will not accept any requests from the Bidder, after the Closing, to change the legal name provided.
 - e) The Bidder's VPR, at the time of evaluating this Phase Two, shall be the VPR used for evaluation purposes. The Bidder's VPR used in the evaluation of this Phase Two can be obtained from the Procurement Representative at the conclusion of this Tender Process.
 - f) Once VPR scores in the Performance Category are determined for each Submission proceeding to this Phase Two evaluation, each Bidder's VPR shall be evaluated as follows:
 - i) The following equation shall be applied to determine each Bidder's VPR Score, as follows:
 - A) "Bidder's VPR (Expressed as a %) / 10 = Bidder's VPR Score".
- (ii) Part B - Pricing Evaluation
- 1) Tender Document Form: Contract Prices shall be evaluated for compliant Submissions.

- 2) An administrative evaluation shall be conducted of Tender Document Form: Contract Prices to determine compliance with the mandatory requirements as stated therein and in the Instructions to Bidders. The Total Contract Price of each Submission proceeding to Pricing Evaluation shall be evaluated and scored as follows:
 - a) The Submission with the lowest Total Contract Price shall receive the maximum score of ten (10) points for Pricing Evaluation.
 - b) The following equation shall be applied to other compliant Submissions to determine a score out of ten (10):

$$\frac{\text{Lowest Total Contract Price}}{\text{Bidder's Total Contract Price}} \times 10 = \text{score out of ten}$$

(iii) Evaluation

- 1) The following weightings shall be applied to determine each Bidder's Phase Two Total Overall Score, as follows:

Evaluated Component	Maximum Score	Weighting Factor	Total (Score x Weight)
PHASE ONE: ADMINISTRATIVE EVALUATION (Compliant/Non-Compliant)			
PHASE TWO: VENDOR PERFORMANCE RATING (VPR) EVALUATION			
Bidder's VPR Score	10	5	50
VPR Evaluation Subtotal:			50
PHASE TWO: PRICING EVALUATION			
Tender Document Form: Contract Prices	10	95	950
Pricing Evaluation Subtotal:			
TOTAL OVERALL SCORE		100%	1,000

(iv) Total Overall Score

- 1) Evaluation criteria shall be assigned a score out of ten (10). The score is then multiplied by the weight to determine the weighted score (i.e. VPR Evaluation Subtotal, Pricing Evaluation

Subtotal). The weighted scores are then added to determine the Total Overall Score for the Submission.

- 2) The VPR Evaluation Subtotal shall be added to the Pricing Evaluation Subtotal to determine the Total Overall Score for the Submission.
 - a) Total Overall Score = VPR Evaluation Subtotal + Pricing Evaluation Subtotal
- 3) The compliant Submissions evaluated during this Phase Two process, will be ranked from highest to lowest Total Overall Score. The top three Highest Ranked Submissions (first, second and third highest Total Overall Score = "Highest Ranked") shall proceed to Phase Three: Technical Evaluation.

(c) **Phase Three: Technical Evaluation (Pass/ Fail) (hereinafter referred to as "Technical Evaluation")**

- (i) A technical evaluation shall be conducted on the Highest Ranked compliant Submission to confirm the necessary specifications have been satisfied.
- (ii) In the event the Bidder does not demonstrate to the satisfaction of Metrolinx that it satisfies the necessary specifications required for acceptance of its Submission by Metrolinx, the Bidder's Submission shall be found non-compliant and disqualified.
- (iii) If the Highest Ranked compliant Submissions do not meet the requirements of the Technical Evaluation, Metrolinx will carry out a technical evaluation of the Submission next in ranking, and so on until a compliant Submission is found.
- (iv) Notwithstanding Sections 3.15.2(c)(i) through 3.15.2(c)(iii) any information obtained will be factored into this Technical Evaluation as a final pass/fail criteria.

3.15.3 Metrolinx's selection of the successful Submission will be based on which Bidder has provided a Submission which Metrolinx determines in its sole discretion, to be most beneficial to Metrolinx.

3.15.4 Notification of acceptance shall be issued to the successful Bidder with the highest Total Overall Score that meets the criteria of Section 3.15.2(c) above.

The Vendor Performance Management Program establishes a standard methodology for the incorporation of a vendor's past performance as a criterion in assessing that vendor's bids or tenders for future work with Metrolinx.

3.23.2 Pursuant to Metrolinx's VPM Program, Metrolinx may consider a Bidder's past performance under contracts with Metrolinx in evaluating Submissions received in response to this Tender Document. The Vendor Performance Rating ("VPR") is the average of a vendor's performance evaluation scores (as assessed by or on behalf of Metrolinx) for a thirty-six (36) month period preceding the Closing.
