

Notice of Completion of Environmental Project Report

Caledonia GO Station

The Project

Metrolinx, an agency of the Province of Ontario, has completed an Environmental Project Report (EPR) in accordance with Ontario Regulation 231/08 for the Caledonia GO Station. The new GO Station will be located on the Barrie rail corridor in the City of Toronto and will be integrated with the future Eglinton Crosstown Light Rail Transit (ECLRT) Station at Eglinton Avenue West and Croham Road (west of Caledonia Avenue), adding regional connectivity to the ECLRT and the Toronto Transit Commission bus network.

The Process

The environmental impacts of this transit project were assessed and an EPR prepared according to the Transit Project Assessment Process (TPAP) as prescribed in Ontario Regulation 231/08, Transit Projects and Metrolinx Undertakings.

The EPR for Caledonia GO Station is now available for a 30-day review period starting **February 25, 2016** online at www.metrolinx.com/CaledoniaGO and at the following locations:

Minister of the Environment and Climate Change Review

There are circumstances where the Minister of the Environment and Climate Change (Minister) has the authority to require further consideration of the transit project, or impose conditions on it. These include if the Minister is of the opinion that:

- The transit project may have a negative impact on a matter of provincial importance that relates to the natural environment or has cultural heritage value or interest, or
- The transit project may have a negative impact on a constitutionally protected Aboriginal or treaty right.

Before exercising the authority referred to above, the Minister is required to consider any written objections to the transit project that he or she may receive within 30 days after the Notice of Completion of the EPR is first published.

If you have discussed your issues with Metrolinx and object to this transit project, a written submission can be made to the Minister no later than March 28, 2016 to the address provided below. All submissions must clearly indicate that an objection is being submitted and describe any negative impacts to matters of provincial importance (natural/cultural environment) or Aboriginal rights. Objections must be received within 30 days after the Notice of Completion of the EPR is first published.
