

Upcoming Construction Work

As early as January 31, 2022 to December 2022

What work is taking place?

Crews will be mobilizing to the area between Woodbine Avenue and Main Street to perform work along the north side of the Lakeshore East rail corridor to support the installation of Retaining Wall 3. Once on site, crews will begin by installing sediment control fence and tree protection fence, followed by vegetation removal and earthworks. A summary of all construction activities in the area, along with the anticipated durations for each, has been included below.

Construction Activities	Scheduled Start Date	Expected Duration	Hours of Work	What to Expect
Tree and Vegetation Removal	Late January 2022	Approx. 2 months	Day Shift	Refer to description above. Equipment for this work includes: a tree feller, feller buncher, mulcher, dozer, excavator, and dump trucks.
Grading	Mid-March 2022	Approx. 2 months	Night Shift	Preparatory work for the piling installation and construction of an access road. Equipment for this work includes: a dozer, excavator, and dump trucks.
Piling at Retaining Wall 3 (RW3)	June 2022	Approx. 3 months	Day Shift	The retaining wall is made up of steel piles drilled into the earth and backfilled with concrete to ground elevation. Pre-cast concrete panels are placed between the steel piles, above ground level. Equipment for this work includes an excavator, dozer, dump truck, drilling rig, and concrete trucks.

Construction Activities	Scheduled Start Date	Expected Duration	Hours of Work	What to Expect
Lagging and Backfill at RW3	September 2022	Approx. 2 months	Day Shift	Lagging installation consists of the horizontal material added between the piles of the retaining wall to hold back the earth. Equipment for this work includes excavators, dozers, and dump trucks.
Electrical Raceway Installation	October 2022	Approx. 3 months	Day and Night Shift	Underground installation of electrical conduit for the future track electrification. Equipment for this work includes an excavator and packers.

Residents should expect some noise, vibration, dust, and site lighting. Work crews will take reasonable precautions to minimize disturbances to residents, including the following:

- No idling of non-essential equipment to reduce the accumulation of construction noise.
- Limited reverse operations and the use of white-noise backup alarms where possible.
- Pointing lights away from residential windows.
- Noise vibration monitoring will be set up to ensure that noise levels are within exposure limits.

HOURS OF WORK

- Day shift work will occur from 7:00 a.m. to 5:00 p.m., five (5) days per week (Monday to Friday).
- Night shift work will occur from 7:00 p.m. to 5:00 a.m., five (5) days per week (Sunday to Thursday).
- Work may be rescheduled due to unforeseen circumstances.

TRAFFIC & PEDESTRIAN DETAILS

- The corridor will be accessed from the south end of Westlake Ave, north of the rail corridor.
- Increased construction vehicles and equipment can be expected in the work area.
- Neither traffic or pedestrians will be impacted at this time.

TRANSIT INFORMATION

- No impacts to TTC or other public transit mods are anticipated during this work.

OTHER INFORMATION

- For the latest information on what's happening in your area, please e-mail TorontoEast@Metrolinx.com and ask to subscribe to our weekly e-newsletter.
- Please exercise caution around active construction sites.

PROJECT INFORMATION

- We're making improvements today to bring you even more service in the future. Preparatory early works are underway on the Lakeshore East Rail Corridor Expansion project in Toronto. This project covers the area between Pape Avenue and Kennedy Road. Completing this work will enable the future addition of a fourth track and electrification infrastructure on the Lakeshore East line.
- Electrification is a key part of building a quieter, faster, more efficient network across the region. The new fourth track will improve journey times for all transit trips on the Lakeshore East Corridor, improve reliability and deliver more service within the City of Toronto. For more information on this project and to see all construction notices please visit metrolinx.com/lakeshoreeastrailcorridor.

Thank you for your patience as we work to transform the rail corridor in your area.
