

# Geotechnical drilling near Pape Avenue from Hopedale Avenue to Danforth Avenue

**UPDATED: Work extended until approximately February 2023**

**What is happening?**

Work is underway to deliver the new Ontario Line from the Science Centre to Exhibition Place to help connect more people to more places.

## Timing

- **Scheduled end:** Approximately February 2023
- **Day(s):** Monday to Friday
- **Hours:** 7 a.m. - 7 p.m.

## What to expect

- Crew will use a drill rig and support trucks to gather information and evaluate underground conditions.
- Hydro excavating trucks will also be used and will have increased noise levels for short periods of time.
- One lane is expected to be closed at any one time.
- A paid duty officer and a flag person will be on-site to ensure traffic is maintained in all directions.
- There are no impacts to sidewalks.
- Residents and businesses near the work site can expect to hear noise caused by a drill rig and other construction equipment related to this work. Every effort will be made to minimize disruptions.
- Please take care and watch for signs directing pedestrians when walking near construction areas.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.

## The Ontario Line

15.6 kilometres of transit service

Making it faster and easier for hundreds of thousands of people to get where they need to be

Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
