

# Canpa Project - Lakeshore West Corridor

## Overnight & Weekend Work, Nov 4 2022 - May, 2023

### Background

Work is underway to deliver the GO Expansion Program - the largest transit expansion in Canadian history.

GO Expansion will transform the GO network from a commuter service to a new all-day, all-direction, schedule free travel option. More than a rush hour commuter service, GO will offer more service with faster trains, more stations and seamless connections to a regional rapid transit network.

The Lakeshore West GO expansion will expand your possibilities. With 15-minute service or better throughout the day between Toronto and Burlington, alongside new hourly service to and from Hamilton seven days a week, you'll have more ways to get where you need to go.

## What work is taking place?

The Canpa project will be finalizing its work, from Nov 4 2022 to May 2023. The work includes; completing the installation of 470 feet of Track, adjustments and commissioning the Switches 9, 13, and 23, the surfacing of switches, and some small deficiency repair work. All efforts will be made to minimize community impacts such as; noise, vibrations, dust etc. Additionally, work will be taking place within the rail corridor.

## Timing and what to expect

1. November 4 to 7: work to occur for the duration of the weekend (night shift and day shift). Hours of work - Fri 8 p.m. - Mon 6 a.m.
2. November 11 to 14: night shifts only. Hours of work - 8 p.m. - 6 a.m.
3. November 18 to 21: night shifts only. Hours of work - 8 p.m. - 6 a.m.
4. November 25 to 28: night shifts only. Work is dependent on how much is completed during the shifts above, shifts 1, 2, and 3. If work proceeds, hours of work will be - 8 p.m. to 6 a.m.
5. December 2 to 5: work to occur for the duration of the weekend. Hours of work - Fri 8 p.m. - Mon 6 a.m.
6. December 9 to 12: night shifts only. Hours of work - 8 p.m. - 6 a.m.
7. Work may continue sporadically throughout February to end of work period.

## Long-term local benefits to the community

Limit the frequency of future maintenance, by doing this work now. Future electrification of GO service - faster, more frequent service, quieter trains and better air quality.

## Questions

If you have any questions about this work or would like to be included on future email communications from us, please call us at 416-202-6911 or email us at [TorontoWest@metrolinx.com](mailto:TorontoWest@metrolinx.com)

**When near construction areas, please be safe and respect all safety measures in place. Thank you for your patience as we work to transform the rail corridor in your area.**
