

# Overnight Track Work

Tuesday February 22, 2023 - Monday April 10, 2023

## Project Overview

The Davenport Diamond Guideway project supports Metrolinx's GO Expansion program, enabling two-way, all-day frequent service on the Barrie GO Line.

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

## What You Need to Know

*Track work is ongoing on the elevated guideway for direct fixation track work. Installation of Weld Rail Bars on all welded joints of the Diversion Track. Installation of track ballast and concrete ties along the North and South MSE walls. For the at grade ballasted track south of Bloor and north of Davenport Rd, there will be ongoing track work installation.*
