

Staging Rail and Weld Rail Bars

~~Wednesday January 11, 2023 – Wednesday February 22, 2023~~

Wednesday January 11, 2023 – Wednesday March 15, 2023

Project Overview

The Davenport Diamond Guideway project supports Metrolinx's GO Expansion program, enabling two-way, all-day frequent service on the Barrie GO Line.

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

What You Need to Know

Staging of the East track rail will be occurring overnight from Davenport to south of Bloor St W. In addition to the staging of the east track rail, there will be installation of the remaining Weld Rail Bars on all welded joints of the diversion track north of CP bridge to Davenport.

WHAT TO EXPECT

- General Construction Noise - Back-up alarms, equipment noise and increased truck traffic.
- All vehicles and equipment on site will be equipped with back-up alarms.
- There is no expected vehicle or equipment idling.
- Artificial Lighting - All light plants will be pointed in the direction of the corridor and facing the ground.

HOURS OF WORK

- 21:00 - 07:00
