

Construction Notice

Lakeshore West Rail Corridor Maintenance - Railroad Tie Repairs

Late March 2023 - June 1, 2023. 10 PM - 6 AM

What You Need to Know

Starting in late March, Metrolinx will be undertaking routine track maintenance work along the Lakeshore West rail corridor between Bathurst Street in Toronto to Long Branch GO Station. As part of this maintenance work, we will be repairing worn out railroad ties, which are the rectangular supports for the rails on railroad tracks.

We understand that we are conducting rail maintenance in a residential area's along the rail corridor, and that overnight work is not ideal. We appreciate your patience and we will complete this work as efficiently as possible to get things back to normal for you. The timeframe of work is subject to change based on work progress.

WHAT TO EXPECT

- You can expect overnight work in order to safely replace old rail ties along the tracks between Bathurst Steet & Long Branch GO Station.
- Crews onsite will use excavators to lift the rail, remove and then replace old railroad ties.
- Residents adjacent to the rail corridor may hear noise related to equipment required to safely complete this work, including trucks, excavators, and hammers. We will take every effort to minimize community impacts such as noise.
- Approximately 50 ties will be replaced each night, starting at Bathurst St within the Lakeshore West Rail Corridor and moving up to Long Branch GO Station.
- It typically takes crews 1 to 3 nights to complete a section of work in one area. This can take longer due to unpredictability of working conditions such as weather.

HOURS OF WORK

- This work will take place overnight on weekdays from 10:00 p.m. to 6:00 a.m.
- Maintenance work is being completed during the night time to avoid disruption to the Lakeshore West GO Trains
- Productivity each night varies depending on a variety of factors such as weather.

TRAFFIC DETAILS

- There are no anticipated traffic impacts.
- Work will be completed within the LSW Rail Corridor.

PEDESTRIAN DETAILS

- There are no anticipated pedestrian impacts.
- Work will be completed within the LSW Rail Corridor

TRANSIT INFORMATION

- There are no anticipated transit impacts. Trains will operate as scheduled throughout the day. Train schedules may vary based on service changes.
- Work will be completed within the LSW Rail Corridor.

OTHER INFORMATION

- We have a dedicated Community Engagement team in place to work with residents and the communities where we operate.
- If you have any questions or concerns please review the contact information on the notice at the bottom of this page.
- Please do not hesitate to reach out to the Toronto West Community Engagement Team if you have any questions, comments, or concerns.
