

REVISED - Overhead Utilities Works & Road Closures - Station St / East of Westney Rd, Ajax, ON

Starting May 8th, 2023

Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

What You Need to Know

To support GO Expansion projects, crews will be mobilizing to take overhead utilities and transfer them underground to remove overhead cable conflicts over the Metrolinx Lakeshore East corridor. To help support this, there will also be a 3-week temporary road closure.
