

Butternut Field Survey and Assessment

Scheduled start: May 16, 2023

Timing: From 9:00 a.m. to 4:00 p.m.

Map of work area

What is happening?

- Staff will be on site conducting a non-intrusive site survey on the north side of Eglinton Avenue West between Scarlett Road and Pearen Park to identify new butternut trees and to complete a butternut health assessment on any new butternut trees identified.
- This work is being completed to determine the quantity of younger butternut trees that were too small to be identified on the last tree survey conducted
- This information will be used in determining the SAR compensation required.

What to expect

- On May 16, residents and businesses near the site may see staff conducting site investigations and surveys between 9 a.m. and 4 p.m.
- Staff will be on site to make observations and take notes.
- Traffic and pedestrian access will not be impacted.
- Work may be delayed or rescheduled due to inclement weather or unforeseen circumstances.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of the Eglinton Crosstown LRT will run 9.2 kilometres from the Mount Dennis station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
