

Western Works Construction Liaison Committee Meeting

Eglinton Crosstown LRT

July 18, 2023

LAND ACKNOWLEDGEMENT

Let us take a moment to acknowledge we are on lands that have been, and continue to be, home to many Indigenous Peoples including the Anishnabeg, the Haudenosaunee and the Huron-Wendat peoples.

We are all Treaty people. Many of us have come here as settlers, as immigrants or involuntarily as part of the trans-Atlantic slave trade, in this generation, or generations past.

We acknowledge the historic and continued impacts of colonization and the need to work towards meaningful reconciliation with the original caretakers of this land.

We acknowledge that Metrolinx operates on territories and lands covered by many treaties that affirm and value the rights of Indigenous communities, Nations and Peoples.

We understand the importance of working towards reconciliation with the original caretakers of this land. At Metrolinx, we will conduct business in a manner that is built on a foundation of trust, respect and collaboration.

Testing & Commissioning

EMSF, TESTING & COMMISSIONING UPDATE

Ongoing through 2023

- Eglinton Crosstown LRVs are now being tested, as single and coupled vehicles, on the mainline between Mount Dennis Station and Caledonia Station
- Each train that will operate daily service on the line must go through rigorous testing to ensure safety and reliability
- Testing includes clearance tests, signal and wayside equipment testing, testing multiple vehicles, speed and brake tests - to name a few

EMSF, TESTING & COMMISSIONING UPDATE

Ongoing through 2023

- Each of the 76 trains that will operate daily service between Mount Dennis and Kennedy must go through rigorous testing to ensure everything is working safely and reliably
- Testing activities must be done in stages - here's a roadmap of our process:
