

Overnight drilling near Front St E and Berkeley St

Expected start date: As early as August 13, 2023

Expected completion: August 30, 2023

Hours of work: Weekdays from 9 p.m. to 6 a.m.

Borehole location

What is happening?

- In preparation for upcoming construction activities at Corktown Station, a crew will be drilling a borehole at the indicated location above to verify the underlying soil characteristics.
- This work has been scheduled to take place to avoid impacts to the on-going archaeological work that is conducted during the day.

What to expect

- The borehole drilling will not impact traffic as the work is confined within the existing construction zone surrounded by safety hoarding.
- Sidewalks and traffic lanes will remain open.
- For this work, a hydro-vac truck and a drill-rig will be used to drill the boreholes. Nearby residents can expect to hear noise generated by the specified equipment and vehicles.
- Construction equipment and materials will be securely kept within the work zones.
- Work may be postponed or rescheduled due to unforeseen weather conditions or other construction-related impacts.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
