

Overnight borehole drilling on Queen Street West and Simcoe Street

Expected start date: As early as September 3, 2023

Expected completion: Up to September 31, 2023

Hours of work: 8 p.m. to 5 a.m. Sunday to Thursday

-  Borehole drilling and monitoring device installation
-  Lane closure
-  Open sidewalk
-  Parking lane closure

PLEASE SEE BACK OF NOTICE FOR MORE DETAILS

What is happening?

- In preparation for upcoming construction at the future Osgoode Station, crews will be drilling boreholes and installing vibration monitoring devices at the indicated locations above.
- Vibration monitoring devices are installed to verify underlying soil characteristics.
- The work will be overnight from 8 p.m. to 5 a.m. Sunday to Thursday until September 31, 2023.

What to expect

- Nearby residents can expect to hear noise related to the borehole drilling and other equipment such as drill rigs.
- The parking lane and southbound curb lane on Simcoe Street will be closed.
- The right turn lane, eastbound curb lane and westbound curb lane of Queen Street West near University Avenue will be closed as indicated in yellow above.
- These closures will be intermittent, and work will not be happening all at once.
- Borehole drilling will take up to 3-5 days for each location.
- After each work shift, the holes will be covered and marked until workers return to continue drilling. Any equipment left on site will be safely secured.
- As always, please take care when travelling near work sites.
- Work may be delayed or rescheduled due to unforeseen circumstances.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
