

# Overnight borehole drilling at Moss Park

**Expected start date:** As early as September 3, 2023

**Expected completion:** October 20, 2023

**Hours of work:** Overnight from 11 p.m. to 7 a.m.

Borehole work area

**PLEASE SEE BACK OF NOTICE FOR MORE DETAILS**

## What is happening?

- To prepare for the construction of Moss Park Station, a crew will be drilling seven (7) boreholes and installing vibration monitoring devices at the location identified on the map above.
- These devices are necessary to monitor vibration during the construction phase of the new station.
- Due to existing archaeological works taking place during the day and to avoid disrupting Moss Park Arena operations, the work will take place overnight from 11 p.m. to 7 a.m. until October 20<sup>th</sup>, 2023.
- Any waste from drilling will be placed in labelled drums for off-site disposal.

## What to expect

- The borehole drilling will not impact traffic as the work is confined within the current construction area.
- Sidewalks and traffic lanes will remain open.
- Some noise may be generated by the construction equipment and vehicles.
- Construction equipment and materials will be moved during the day to a designated area.
- Work may be postponed or rescheduled due to unforeseen weather conditions or other construction-related activities.

## About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
