

# Overnight sewer and utility surveying near Queen Street East and Victoria Street

**Expected Start Date:** As early as September 5, 2023

**Expected End Date:** Up to November 30, 2023

**Planned work hours:** Overnight 9 p.m. to 5 a.m.

Fenced construction site

Intermittent lane closure

Partial lane closure for survey vehicle

Pedestrian travel route

## What is happening?

- Construction crews will be surveying utilities and conducting sewer inspections in the areas shown in yellow on the map above.
- Crews will move around within the locations shown on the map as each site will take one or two nights to complete the work.
- Temporary lane closures are required for crews to safely carry out the survey work.
- The work is done by accessing sewer manholes to assess internal conditions of sewers and cabling before station construction begins.
- Crews will drill into the road to inspect utilities under the roadway. Once complete, the drill areas will be restored.
- Equipment such as a saw cutter and a hydrovac truck will be used.

## What to expect

- There will be various intermittent closures in the northbound and southbound lanes on Victoria Street while crews set up around sewers in that area.
- All pedestrian access is expected to be maintained.
- Barriers will be used to separate pedestrian/passageways from active traffic lanes.
- A traffic control person will be at each closure guiding traffic.
- Residents will hear noise from work equipment.
- Work may be postponed or rescheduled due to unforeseen circumstances.
- All the necessary construction permits have been obtained.
- For more information about upcoming station work please see [metrolinx.com/Ontarioline](http://metrolinx.com/Ontarioline) or sign up for the e-newsletter.

## About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer car trips each day.
