

Utility relocation work along Langlely Avenue

Expected start date: Thursday, September 21, 2023

Expected completion date: Friday, September 22, 2023

Hours of work: 7:00 a.m. to 7:00 p.m.

What is happening?

- As Bell civil work is nearing completion in the area, Avertex will be conducting minor excavation of an existing duct bank located near the school entrance on Langlely Avenue (as shown on the above map) and clearing it of any blockages.
- Construction equipment including a mini excavator, hand tools, saw, jackhammer, and a pick-up truck with trailer will be required to complete this work.
- This work will take place between 7 a.m. to 7 p.m. for two days.

What to expect

- Residents and businesses near the work site can expect to hear some noise caused by trucks and other construction equipment.
- Partial sidewalk closures near the school on Langley Avenue will be required to safely complete this work.
- The pathway to the children's play area west of the office entrance will be inaccessible for the duration of the work.
- The crew will be using the schedule provided by the school and coordinating with them to ensure noisier work is done while children are indoors.
- A paid duty officer and flag person will be on-site throughout the duration of the work to maintain safety with pedestrian and vehicle traffic through the area.
- The crew will do their best to mitigate dust impact by adding water when performing saw cuts.
- Pylons and barricades will be set up to provide barriers between pedestrians, cyclists, and traffic.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
