

Site Preparation at Drury Lane Pedestrian Bridge

Starting Late September 2023

An aerial image showing the work zone. The work zone depicted is approximate and for illustrative purposes only.

PROJECT INFORMATION

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15- minutes or better on the Lakeshore West Rail Corridor. To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. To support future increases, Metrolinx is working with the City of Burlington to replace and enhance the Drury Lane Pedestrian Bridge.

WHAT WORK IS TAKING PLACE?

As part of early works for the bridge, crews will prepare the construction site prior to mobilization in Spring 2024. This includes the installation of erosion and sediment control measures, tree protection fencing, as well as removal and replacement of the existing hydro poles on each end of the bridge. Where deemed necessary, crews will clear/remove and prune designated trees and vegetation to create room for and protect the new infrastructure being built.

Thank you for your cooperation as we work to transform the rail corridor in your area.

Construction Activities	Scheduled Start Date	Expected Duration	Work Hours	Description of Work
Tree Removals	Late September 2023	Approx. 1-2 Weeks	Day Shift	Tree and vegetation removals to allow for construction. Installation of sediment control and tree protection fencing.
Removal and Replacement of Hydropoles	October/ November 2023	Approx. 2 Weeks (intermittent)	Day Shift	The existing hydropoles located on the north and south sides of the pedestrian bridge conflict with the future bridge. These hydropoles will be removed and replaced with temporary lighting. Permanent lighting will be installed following the construction of the new bridge.
* Please note that work may be rescheduled due to weather conditions and/or unforeseen circumstances				

WHAT TO EXPECT?

Residents can expect some noise, vibration, dust, and site lighting. Our operations staff will take reasonable precautions to minimize disturbances to residents and commuters, including but not limited to the following:

- No idling of non-essential equipment
- Pointing lights away from residential windows
- Work area will be safely delineated

HOURS OF WORK

- Day work is expected to take place Monday to Friday between 7:00 a.m. and 5:00 p.m.

TRAFFIC & PEDESTRIAN DETAILS

- Intermittent driveway impacts within the work zone, as required to delineate the work area.
- Increased construction vehicles and equipment can be expected in the work area.
- Pedestrians and motorists will be routed around the delineated work area.
- Please exercise caution around active construction sites.

COMMUNITY ENGAGEMENT

Metrolinx has a dedicated Community Engagement team in place who works with residents and businesses in the Halton Region. If you have any questions, please contact us using the information provided below.
