

Utility Investigation works at Logan Avenue bridge

Expected start dates: Monday, October 23, 2023

Expected durations: One (1) week

Hours of work: Monday - Friday, 7 a.m. - 7 p.m.

What is happening?

- Starting as early as Monday, October 23, 2023, utility works will begin on Logan Avenue beneath the rail bridge.
- Crews will use a hydro-vacuum truck to investigate the location of existing structures and utilities.
- This work will take place between 7 a.m. - 7 p.m. for approximately one (1) week.
- Temporary traffic lane and sidewalk closures will be required to complete this work safely. Please review the complete notice below for specific details.

Parking details

- During the investigation works, approximately eight (8) on-street parking spaces will be restricted on either side of the Logan Avenue bridge.
- Free replacement parking is available at 10 Dickens Street.
- The parking lot at 10 Dickens Street can be accessed by car via Dundas Street East and Carlaw Avenue which also provides accessible pedestrian connection to the parking lot. Pedestrian access to the parking lot is also available via a staircase on the east side of Logan Avenue approximately 50 metres north of Dundas Street East.
- Please refer to the map above for further details on replacement parking routes and parking displacements.

Traffic and pedestrian details

- Alternating bike lane and sidewalk closures will be in place on the east and west sides of Logan Avenue under the rail bridge.
- Pedestrians will be directed to use the existing crosswalks at Dundas Street and First Avenue.
- Northbound and southbound cyclists will need to share the road with vehicles while travelling through this area. Share the road signs will be posted to guide cyclists. Drivers are reminded to slow down and allow cyclists to safely merge into the traffic lane. Do not attempt to pass cyclists.
- One lane of traffic in each direction will be maintained on Logan Avenue.

What to expect

- Noise from construction equipment including a hydro-vacuum truck, excavators, loaders, rollers, generators, pumps, and delivery trucks.
- Temporary traffic, pedestrian, and cyclist detours will be in place.
- Parking restrictions on Logan Avenue beneath the rail bridge.
- Advance signage will be in place to direct vehicles, pedestrians, and cyclists.
- Traffic barrels, fencing, and barriers will be in place to separate and secure work zones.
- Construction equipment and materials will be properly secured within the work zones.
- Work may be delayed due to weather conditions or unforeseen circumstances.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 40 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
