

# Temporary, daily, partial lane closure - Lane S Wallace E Rankin - Cladding Installation

Thursday September 28, 2023 - Thursday November 30, 2023

Night work only from Sunday November 5, 2023 - Friday November 17, 2023

## Project Overview

The Davenport Diamond Guideway project supports Metrolinx's GO Expansion program, enabling two-way, all-day frequent service on the Barrie GO Line.

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

## What You Need to Know

*A temporary, daily, partial lane closure will be required on Lane S Wallace E Rankin west of the Metrolinx Barrie GO rail corridor for the installation of cladding panels on the elevated guideway. South of Wallace Avenue, north of Paton Road and east of Rankin Crescent. Closure is required for the staging of equipment needed to install cladding. The plan is to start from north end of the alley and work southwards. The entire area will not be occupied at once. Work zone will be blocked off with TC-54 barrels and will be removed when closure is not in use. East side of lane and east sidewalk will be closed temporarily. West side of lane will remain open for local traffic.*

### WHAT TO EXPECT

- Temporary disruptions to driveways - access to be maintained.
- Work zone will be blocked off with TC-54 barrels and will be removed when closure is not in use.
- Temporary disruptions to east side lane and east sidewalk.
- West side of lane will remain open for local traffic.
