

Underground Utility investigations at Martin Grove Road and Commerce Boulevard

Timeline: September 27, 2023 to November 30, 2023

Timing: 8:00 a.m. to 4:00 p.m.

Map of work area:

What is happening?

- To support planning and design work for the Eglinton Crosstown West Extension, crews working on behalf of Metrolinx will be investigating the location and condition of underground utilities along the future route of the extension.
- This work involves documenting and mapping existing underground utility networks to collecting information on existing conditions to inform plans to relocate them.
- This work helps make sure future construction work goes smoothly.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of the Eglinton Crosstown LRT will run 9.2 kilometres from the future Mount Dennis LRT station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.

What to expect

- There will be no major property or pedestrian impacts associated with this work.
- One or more lanes will temporarily close on Commerce Boulevard between Skymark Avenue and Eglinton Avenue West, and at the intersection of Martin Grove Road and Eglinton Avenue West while work is happening.
- No tree or vegetation removals are required for this work.
- Work may be rescheduled or extended due to weather conditions or unforeseen circumstances.
