

# Temporary Water Shutoff

2 to 22 Randolph Ave, 140 to 152 Perth Ave

November 28, 2023

## Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

Metrolinx will be building a new track on the Kitchener GO line, next to the West Toronto Railpath. Part of this work will include construction of a new entrance to Bloor GO Station, a new community park at Ernest Avenue, and a realignment of the Railpath, on behalf of the City of Toronto.

Information as of: Nov 2023

## What You Need to Know

*As part of utility work for the new Bloor GO Station pavilion construction at the west end of Randolph Avenue, your water service will be temporarily shut off for up to 12 hours, to connect new waterlines.*
