

# Bloor Station (TTC Connection) Laydown Area, 105 Ritchie Ave

November 2023

## Project Overview

As part of GO Expansion, Metrolinx has identified various infrastructure improvements like new tracks, train layovers, switches, bridge modifications and safer crossings to benefit rail service. GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections.

GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system. The Bloor Station (TTC Connection) will improve connectivity between Bloor GO Station and Dundas West TTC Station and is an important part of the GO Expansion Program.

### What You Need to Know

For the next year and a half Metrolinx will be using the park at 105 Ritchie Ave as a laydown area for the Bloor Station (TTC Connection). Work for the Bloor Station (TTC Connection) is primarily overnight work; however, we anticipate impacts around the laydown area to be minimal. Community members may see trucks and other machinery accessing the laydown area and may experience a higher level of noise. All efforts will be made to minimize community impacts.

#### WHAT TO EXPECT

- The Community may experience elevated noise levels.
- Trucks and other construction machines will be entering and exiting the laydown area.
- The community will see construction material being picked up and dropped off.
- The laydown area will be located at 105 Ritchie Ave for a year and a half.
- All efforts will be made to minimize community impacts.
- **For a detailed map, click [HERE](#)**

#### HOURS OF WORK

- Materials used for construction will typically be dropped off during the day.
- Community members will experience minor levels of activity at the laydown site during overnight work hours.
- Community members will be made aware of high impact construction work prior to implementation.

#### TRAFFIC DETAILS

- There are no traffic impacts.

#### PEDESTRIAN DETAILS

- There are no pedestrian impacts.

#### TRANSIT INFORMATION

- There are no transit impacts.

#### OTHER INFORMATION

- Metrolinx recognizes construction work impacts the community.
- We encourage you to reach out to the Toronto West community Engagement team if you have any questions or concerns.
