

NOISE WALL REPAIRS – DECEMBER 6-7, 2023

310 Judson Street, Unit #1,
Toronto, ON M8Z 5T6
(647) 346-8556 sema.ca

RE: Noise Wall Repairs

Dear Resident.

On December 6th and 7th 2023, SEMA will be replacing the damaged section of the existing noise wall that separates the Metrolinx corridor from the properties. The work will be done during regular day time hours, between 7am and 5pm and is scheduled to last two (2) working days. The section of noise wall that is being repaired is currently closed off with temporary materials and a concrete barrier. In order to undertake this repair, SEMA will have construction vehicles, materials and equipment occupying the laneway in the vicinity of that area during the aforementioned dates and times.

We apologise for any inconvenience this might cause.

Sincerely,
James Galinski
Supervisor
SEMA Railway Structures
CC: Guy Lepage – SEMA
Doug Webb – SEMA
