

Long Branch GO: Partial Platform Closures

Starting December 04, 2023

The Long Branch GO Work Zone. The work zone depicted is approximate and for illustrative purposes only.

What You Need to Know

Starting December 04, 2023, crews will be closing the east side of the platforms to start work on the east tunnel, platform rehabilitation, and east station building. Stairway access from Edgware Drive will be closed. Customers will be redirected to a temporary access route which connects to the north platform and tunnel at the west end of the station. The partial closure of the platforms will change how you board the GO train, as not all train doors will open at Long Branch GO. Please prepare for this change by learning more at www.gotransit.com.

Project Overview

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15- minutes or better on the Lakeshore West Rail Corridor. To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. This includes accessibility and amenity improvements to Toronto's Long Branch GO Station.

Work	Scheduled Start Date	Expected Duration	Work Hours	Description of Work
East Platform & Building Works	December 04, 2023	Approx. 2 years	Day & Overnight Shift	Crews will be closing the east side of the platforms to start work on the east tunnel, platform rehabilitation, and east station building.
* Please note that work may be rescheduled due to weather conditions or unforeseen circumstances				

What to Expect

- Residents should expect some noise, vibration, dust, and site lighting.
- Our operations staff will take reasonable precautions to minimize disturbances to residents and commuters.

Hours of Work

- Day work is expected to take place Monday to Friday between 7:00 a.m. and 5:00 p.m.
- Overnight work is expected to take place Monday to Saturday between 7:00 p.m. and 5:00 a.m. Certain activities within the rail corridor are required to take place overnight when train service is not operational.

Mitigation Measures

- Lights will be pointed away from residential windows.
- Work area will be safely delineated.
- Construction noise and vibration will be monitored.
- Street sweeper and cleaning as required.

Customer Details

- Construction affects how you board and exit your GO train.
- Please follow the signs and pathway to the train

platforms.

- When travelling to Long Branch GO, ensure you are sitting in a coach that will open its doors.
- When boarding from Union Station, listen for announcements from the Customer Service Ambassador located in the Accessibility Coach.

Traffic Details

- Increased construction vehicles and equipment can be expected in the work area.
- Please exercise caution around active construction sites.

Pedestrian Details

- North staircase access on Edgeware Drive will be closed as of December 04, 2023.
- Pedestrian access to the station from the north will be via a temporary access route which will connect you to the north platform and tunnel at the west end of the station.

Community Engagement

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area.
- If you have any questions, please contact us using the information provided below.
