

# Utility and abutment work at Logan Avenue bridge

**Work schedule:**

- **Sewer installation:** Starting Monday, January 22, 2024 for approximately two months
- **Abutment work:** Starting early March 2024 for approximately one week

**Hours of work:** Monday - Friday between 7 a.m. - 7 p.m.

	Existing rail corridor		Lane direction	
	Work area		Pedestrian access	
	Sidewalk closure		Shared bike lane	

## What is happening?

- As early as Monday, January 22, 2024, a new sewer will be installed beneath the Logan Avenue bridge.
- Sewer installation will take approximately two months to complete.
- Starting early March 2024, crews will demolish a portion of the abutment on the south side of the Logan Avenue bridge. This work will take place at the same time as the sewer installation.
- Both activities will take place on weekdays, Monday - Friday, between 7 a.m. - 7 p.m. Construction activities will include excavation, trenching, concrete breaking, saw cutting, and hauling.
- Temporary traffic lane and sidewalk closures will be required to complete this work safely. Please review the traffic and pedestrian details section below for specific details.

## Parking details

- During this work, approximately sixteen (16) on-street parking spaces will be restricted on either side of the Logan Avenue bridge between Dundas Street East and 444 Logan Avenue.
- Free replacement parking is available for the community at 10 Dickens Street.
- The parking lot at 10 Dickens Street can be accessed by vehicle via Dundas Street East and Carlaw Avenue which also provides accessible pedestrian connection to the

parking lot. Pedestrian access to the parking lot is also available via a staircase on the east side of Logan Avenue approximately 50 metres north of Dundas Street East.

- Please refer to the map above for further details on replacement parking routes and parking displacements.

## Traffic and pedestrian details

- The bike lanes on the east and west sides of Logan Avenue will be closed.
- Alternating sidewalk closures will be in place on the east and west sides of Logan Avenue under the rail bridge. One sidewalk will remain open at all times. Pedestrians will be directed to use the existing crosswalks at Dundas Street East and First Avenue.
- Northbound and southbound cyclists will need to share the road with vehicles while travelling through this area. Share the road signs will be posted to guide cyclists. Drivers are reminded to slow down and allow cyclists to safely merge into the traffic lane. Do not attempt to pass cyclists.
- Traffic control personnel and/or a paid duty officer will be present to direct traffic and pedestrians.
- Traffic lanes will shift to the east and west sides of the street as work progresses from one end of the bridge to the other.
- One traffic lane in each direction will be maintained on Logan Avenue.

## What to expect

- Noise from construction equipment including a hydro-vacuum truck, excavators, loaders, rollers, generators, pumps, and delivery trucks.
- Noise from demolition of the abutments which will include concrete breaking.
- Temporary traffic, pedestrian, and cyclist detours will be in place.
- Parking restrictions on Logan Avenue beneath the rail bridge.
- Advance signage will be in place to direct vehicles, pedestrians, and cyclists.
- Installation of a new 450mm combined sewer on Logan Avenue.
- Demolition of abutments on the south side of the Logan Avenue bridge.
- Traffic barrels, fencing, and barriers will be in place to separate and secure work zones.
- Construction equipment and materials will be properly secured within the work zones.
- Work may be delayed due to weather conditions or unforeseen circumstances.
- Noise mitigation measures, including noise barriers and noise reducing equipment, will be implemented throughout the work as required.
