

GO Expansion On-Corridor Works Project - Survey Activities

April 2024

Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

What You Need to Know

As part of investigative work for the GO Expansion On-Corridor Works Project, surveyors will perform legal surveys to collect field data at multiple locations across the GO Network. Surveys are part of due diligence and investigations work that will support future track and infrastructure updates.

WHAT TO EXPECT

- Surveyors will be accessing land across the GO Network to complete legal land surveys in support of GO Expansion.
- Crews may require temporary access to privately-owned property, businesses, or residences to confirm boundary evidence in support of the survey activities.
- The surveyor will attempt to contact the owner or occupant on the day of the survey by knocking on your door.
- Should the owner or occupant not be available, the surveyor will leave a copy of this communication and may proceed with the work without making contact on the day.
- We apologize for any inconvenience and ask for your patience as we complete this critical work.

HOURS OF WORK

- Surveying activities are expected to take place Monday - Sunday beginning late April 2024.
- Surveys will occur across the network for up to 6 months.
- Work is currently scheduled for daytime hours.

TRAFFIC DETAILS

- No anticipated impact on traffic.

PEDESTRIAN DETAILS

- No anticipated impact to pedestrians.

TRANSIT INFORMATION

- No anticipated impact on transit.
