

Grading work between Main St and Victoria Park Ave

Mid March-Early April, 2024

Project Overview

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15- minutes or better on the Lakeshore East Rail Corridor. To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. To enable this improved service, we must widen the railway corridor in this area to build an additional railway track and get ready for future electrification of the route.

What Work is Taking Place?

We will shortly be carrying out grading works on the north side of the railway corridor. This will involve moving and compacting earth to prepare the area for the future installation of a 4th railway track.

| Construction activity | Scheduled Start Date | Expected Duration | Work Hours | Description of Work |
|--|----------------------|-------------------|----------------------|--|
| Grading work north of the railway corridor | Mid-March | 1-3 months | Day and night shifts | We will use earth moving equipment (trucks and excavators) to move the earth around the site. We will also use tamping equipment to compact the earth. |
| Work durations are approximate, work may be rescheduled due to weather conditions or unforeseen circumstances. | | | | |

What You Need to Know

HOURS OF WORK

The work listed above will include a combination of day and night shift. Day shift work will occur between the hours of 7:00 a.m. and 7:00 p.m. five (5) days per week (Monday to Friday) and night shift work, where required, will occur between the hours of 7:00 p.m. and 7:00 a.m. five (5) days per week (Sunday to Thursday).

Please exercise caution around active construction sites. We apologize for the inconvenience.

TRAFFIC DETAILS

Increased construction vehicles and equipment can be expected on local roads and in the vicinity of the work area.

PEDESTRIAN DETAILS

There are no pedestrian impacts associated with this work.

WHAT TO EXPECT

Although the works are not expected to be intrusive, local residents should expect some noise, vibration and site lighting.

Our staff will take reasonable precautions to minimize disturbances to residents and commuters, including but not limited to the following:

- Reduced idling of non-essential equipment
- Pointing lights away from residential windows
- Limiting of reversing operations

COMMUNITY ENGAGEMENT

Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto East area. If you have any questions, please contact us using the information provided below.
