

Track 1 Replacement - Concrete Tie Replacement Program - Pickering GO Station

Starting Friday, May 3 to Monday, May 6, 2024

Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.
