

Notice of Construction

Guelph-Wellington Region

Metrolinx is bringing faster, more frequent service to the Kitchener Line. Construction is now underway on projects that will make way for improvements to bring two-way, all-day service from Union Station to Kitchener GO Station.

Metrolinx has been replacing, repairing, and upgrading infrastructure along the Kitchener GO Line in the city of Guelph in support of GO Expansion.

WHAT IS HAPPENING?

- Construction crews will be performing track undercutting work during both daytime and nighttime hours at the track level on Saturday, May 11 and Sunday, May 12.
- This work includes the use of heavy machinery to remove and replace ballast and rail ties.

WHAT THIS MEANS FOR YOU

- Work will take place within the rail corridor; vehicles and pedestrians will not be impacted.
- Potential noise impacts for nearby residents due to track construction and equipment needed.
- Please note construction schedules could change with short notice due to weather or unforeseen circumstances. The Community Engagement team will make every effort to provide advance warning of any changes. Construction notices are posted on our website: www.metrolinx.com/kitchener.

QUESTIONS

We understand that while necessary, this work is potentially disruptive to nearby residents. We appreciate your patience and understanding. Our Community Engagement team is available to answer your questions by email, Monday - Friday, 8:30 a.m. – 4:30 p.m. at GuelphWellington@metrolinx.com.
