### What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implemented to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.
