## Manse Road Level Crossing: Whistles Stopping as of July 22, 2024

Whistle Update: July 18, 2024

### Safety is our Number One Priority

In June, after a near miss incident involving a truck transporting chemicals to DOW Canada and a GO Train at the Manse Road Rail Crossing, Metrolinx conducted a full-scale safety assessment.

As a result of the safety assessment, there have been several additional safety mitigations which have been implemented to allow for the **whistles to be turned off as of this Monday, July 22, 2024.**
