

Lane Reductions for Track Installation at Burnhamthorpe Road and Hurontario Street

Beginning Thursday July 11, 2024, at 10 p.m., to Thursday September 19, 2024, at 10 p.m.

What work is taking place?

Crews will be welding tracks and doing concrete work for guideway installation within the intersection of Hurontario Street and Burnhamthorpe Road. The **first phase of work** will begin on the north half of the intersection on **Thursday July 11, 2024, at 10pm, until Thursday August 15, 2024, at 10pm**. When completed, crews will shift staging over to the south half of the intersection. The **second phase** is scheduled to begin on **Thursday August 15, 2024, at 10pm, until Thursday September 19, 2024, at 10pm**. During both phases of work, east-west traffic will be reduced to a single lane in each direction. Left turns will also not be permitted in the intersection. Detours routes are available via Hurontario Street and Central Parkway.

Construction work at this intersection is scheduled to take place from 7 a.m. – 10 p.m., seven days per week, until completion. Overnight work is required on the first day of each stage so crews can safely set up the staging for area. Access for emergency vehicles across Hurontario Street along Burnhamthorpe Road will be maintained. Traffic signal timings will be adjusted to keep people moving. Pedestrian crossings will be maintained at a signalized crosswalk. Please follow the signs installed to assist with navigating around the construction works.

In order to expedite this work, each phase of guideway installation will consist of a weekend of continuous construction from Friday night to Monday morning. A separate notice with further information and dates will be provided at a later date.

Transit services will be impacted by these construction works. Please visit www.miway.ca/updates for updates on your bus route.

In accordance with City of Mississauga Noise By-Law Exemption requirements, this notice is meant to advise that residents near the work site can expect to hear noise and vibration caused by trucks, excavators, loaders, triaxles, backhoes, and other construction equipment related to this work.

Please note, work may be rescheduled due to weather or unforeseen circumstances. Please see roadway signage for the latest information. If you require the most up-to-date information, please reach out to peel@metrolinx.com and our team will provide you with e-updates of this work.

TIMING
