

# Overnight Temporary Lane and Sidewalk Closures: Yonge, Bay, and York Street Bridges

August 26, 2024

Map is for illustrative purposes only. Due diligence and investigations will proceed in stages, occupying one working area at a time.

## Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train

will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

## What You Need to Know

As part of investigative work for the GO Expansion On-Corridor Works project, crews will occupy delineated sections of Yonge Street, Bay Street and York Street to conduct bridge inspections that support due diligence and investigations near the Union Station rail corridor. This work will support future track and infrastructure updates.

### WHAT TO EXPECT

- Inspectors will occupy north-south sidewalks, and northbound-southbound road and bike lanes to conduct bridge inspection activities at the following locations:
  - York St Bridge (Station St to Bremner Blvd.)
    - August 26 - September 11, 2024
  - Bay St Bridge (Between Front St W and Lakeshore Blvd.)
    - September 12 - September 27, 2024
  - Yonge St Bridge (The Esplanade to Lakeshore Blvd.)
    - October 8 - October 24, 2024
- At each location, one lane will remain open in each direction at all times for motorists and one sidewalk will remain open at all times for pedestrians.
- Crews will occupy the sidewalk and curb lane to measure and inspect bridges using ladders, scaffolding and aerial work platform. Inspections will be conducted in the embankment or underside of the bridge and an

### HOURS OF WORK

- Work will take place overnight Monday to Friday starting August 6, 2024, for approximately 12 nights at each location between the hours of 10:00 p.m. and 6 a.m. within the area highlighted on the map for several hours per night.

### TRAFFIC DETAILS

- Temporary lane adjustments or closures may be required to complete this work safely.
- Signage and delineation will be installed, as required, to direct motorists around the work zones.
- Traffic control setup will be implemented, and a paid-duty officer will be present, as required, at signalized intersections to direct traffic.

### PEDESTRIAN DETAILS

- Pedestrians may be rerouted around work zones via delineated temporary detours.
- Pedestrians are encouraged to travel to detour along the opposite north-south sidewalk.
