

Electrical Connections Continuing on Yonge Street and Eglinton Avenue

Through late-August 2024

Project Overview

Metrolinx's Eglinton Crosstown LRT will be a new 19-kilometre light rail transit line in midtown Toronto. With 25 stations and stops along the dedicated route, getting across town will be up to 60% faster than before. The Crosstown will link to 54 bus routes, three TTC subway stations

and GO lines, providing important transit connections to get people to where they need to go faster than ever before.

What You Need to Know

Ongoing through until approximately late-August 2024, crews at Eglinton Station will be continuing with electrical connections on Yonge Street and Eglinton Avenue. Electrical connections will include cable pulling and splicing which is the process of joining two cable ends together. To facilitate this work safely, short-term periodic lane reductions will be required on Yonge Street and Eglinton Avenue. One lane of traffic in each direction will be maintained at all times. Temporary pedestrian rerouting may be required during this work. Access to properties will be maintained at all times. This work is expected to take place from Monday - Sunday between approximately 7:00 a.m. and 7:00 p.m.

WHAT TO EXPECT

- Crews will be performing electrical connections on Yonge Street and Eglinton Avenue East.
- Noise from construction activity can be expected.

HOURS OF WORK

- Ongoing through until approximately late-August 2024.
- This work is expected to take place from Monday - Sunday between approximately 7:00 a.m. and 7:00 p.m.

TRAFFIC DETAILS

- Short-term periodic lane reductions will be required on Yonge Street and Eglinton Avenue.
- One lane of traffic in each direction will be maintained at all times.

PEDESTRIAN DETAILS

- Temporary pedestrian rerouting may be required during this work.

TRANSIT INFORMATION

- Access to TTC will be maintained at all times.
