

Safety Exercise at Laird Station

Sunday, September 8, 2024

Project Overview

Metrolinx's Eglinton Crosstown LRT will be a new 19-kilometre light rail transit line in midtown Toronto. With 25 stations and stops along the dedicated route, getting across town will be up to 60% faster than before. The Crosstown will link to 54 bus routes, three TTC subway stations and GO lines, providing important transit connections to get people to where they need to go faster than ever before.

What You Need to Know

On Sunday, September 8, 2024, between approximately 6:00 a.m. and 2:00 p.m. crews and Emergency Services Personnel will be performing a safety exercise in Laird Stations Main Entrance.

To facilitate the exercise, the north portion of the RioCan Leaside Centre parking lot will be restricted for the duration of the exercise, refer to map. Access to the RioCan Leaside Centre parking lot will be always maintained from Laird Drive and from Eglinton Avenue East.

The surrounding area can expect to see multiple emergency service vehicles staged in the RioCan parking lot for the safety exercise. Should an actual emergency occur, emergency services will respond accordingly. The affected properties have been notified directly. Upon completion of the safety exercise, the north portion of the RioCan Leaside Centre parking lot will be reinstated. Please remain alert when travelling through the area and watch for pedestrians.

WHAT TO EXPECT

- The north portion of the RioCan Leaside Centre parking lot will be restricted for the duration of the exercise.
- Multiple emergency service vehicles will be staged in the RioCan Leaside parking lot.

HOURS OF WORK

- On Sunday, September 8, 2024.
- The safety exercise will take place between approximately 6:00 a.m. and 2:00 p.m.

TRAFFIC DETAILS

- The north portion of the RioCan Leaside Centre parking lot will be restricted for the duration of the exercise, refer to map.

PEDESTRIAN DETAILS

- No changes to the current pedestrian routes are expected as a result of this testing.
