

OVERNIGHT CORRIDOR WORK

Work will occur at different locations and on different dates between approx. Bloor St W and Davenport Rd.

September 3 - December 31, 2024

Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

What You Need to Know

Overnight corridor work and quality checks on the East Track are required to complete the Guideway project, and will be occurring at different locations and on different dates until

December 31, 2024, within the Metrolinx corridor approximately from Bloor St W. to Davenport Rd.

Tentative breakdown of work schedule below, all dates and details are approximate and subject to change:

- To December 31:
 - Overnight work is not routinely planned during these dates. Any night work that will occur will be limited to miscellaneous activities long the corridor on intermittent dates including the removal of temporary MSE Walls from Bloor Street West to Wallace Avenue and CP rail to Davenport Road.

WHAT TO EXPECT

- Noise - Operational Equipment Noise, increased truck traffic and work crews. All vehicles and equipment on site will be equipped with backup alarms.
- Artificial Lighting impacts - All light plants will be pointed in the direction of the corridor and facing the ground as not to shine in any business or residential windows.
- Equipment used:
 - a) Pickup Truck
 - b) F550 HiRail
 - c) Loader
 - d) Boom truck
 - e) Tamper
 - f) Ballast Regulator
 - g) Excavator
 - h) Crane
 - i) Aerial Work Platform

OTHER INFORMATION

- These dates are tentative and may be subject to change due to weather or unforeseen circumstances.
- Work will be conducted as quickly and efficiently as possible to minimize disturbance but residents and businesses in the area can expect to hear noise caused by trucks, equipment, machinery, and crews.

HOURS OF WORK

- 21:20 - 07:00
