

Continuous concrete pouring west of Scarlett Road and Eglinton Avenue West

Scheduled start: September 6, 2024

Expected completion: September 6, 2024

Timing: 5:00 a.m. – 11:00 a.m.

Map of Work Area

What is happening?

- Crews working on behalf of Metrolinx will be pouring a concrete slab at the extraction shaft on the north side of Eglinton Avenue West, just west of Scarlett Road.
- Continuous concrete pouring between 5:00 a.m. to 11:00 a.m. is required to avoid incoming inclement weather.
- The extraction shaft is the portal for where the light rail vehicles will exit and enter the tunnel.

What to expect

- Nearby residents can expect to hear noise from equipment, hauling trucks, and generators.
- Construction lighting will be used when overnight work is necessary.
- Work may be delayed due to unforeseen circumstances. Residents will be provided with updates as they are made available.
- The information provided in this notice is anticipated based on the current construction schedule and is subject to change.
- Remember to reduce your speed when approaching work zones and watch for slow-moving vehicles entering at exiting work areas.
- There will be no traffic or pedestrian impacts.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of the Eglinton Crosstown LRT will run 9.2 kilometres from the Mount Dennis station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
