

Lakeshore East Rail Corridor: Weekly In-Corridor Work Update

Update for the weeks of: Sunday, September 8 - Sunday, September 22, 2024

Hours of work:

- Daytime: Monday- Friday, with periodic weekend work, from 7 a.m.- 7 p.m.
- Overnight: Monday - Sunday from 8 p.m.- 5 a.m. (nights of work depend on activity - further details below).

This notice provides an update on the work happening in the rail corridor over the next two (2) weeks. It is updated every Friday.

What is happening?

Construction work is underway in the Lakeshore East rail corridor to prepare for the future Ontario Line. This notice provides a progress update on the works taking place in the rail corridor. **Certain construction activities may cause noise and vibration at nearby properties. For further details, please carefully review the information provided in the table below.**

<ul style="list-style-type: none"> Monday, September 9 to Saturday, September 21, 2024 (weekdays and Saturdays) 	<p>Within rail corridor, between Eastern Ave. and Dundas St.</p>	<p>Retaining wall construction Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.</p> <p>Approx. dates for compaction work Mon, Sept 9 - Sat, Sept 14: Periodic compaction work will be ongoing in the rail corridor between Eastern Ave and Dundas St. E. Mon, Sept 16 - Sat, Sept 21: Periodic compaction work will be ongoing in the rail corridor between Eastern Ave and Dundas St. E.</p>
--	--	--

What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implanted to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
