

Sandblasting on the retaining wall on the south side of Eglinton Avenue West

Scheduled start: September 11, 2024

Expected completion: September 12, 2024

Timing: 7:00 a.m. to 11:00 p.m.

Map of work area

What is happening?

- Crews working on behalf of Metrolinx will be sandblasting the retaining wall on the south side of Eglinton Avenue West, west of Scarlett Road.
- Sandblasting is the process of impelling a stream of abrasive material against the surface under high pressure to smoothen a rough surface.

What to expect

- Nearby residents can expect dust and noise from sandblasting, hauling trucks and generators.
- Work may be delayed due to unforeseen circumstances. Residents will be provided with updates as they are made available.
- The information provided in this notice is anticipated based on the current construction schedule and is subject to change.
- Remember to reduce your speed when approaching work zones and watch for slow-moving vehicles entering and exiting work areas.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of the Eglinton Crosstown LRT will run 9.2 kilometres from Mount Dennis station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.

Traffic and pedestrian impacts

- There will be no traffic or pedestrian impacts.
