- Other Business

HuLRT and COVID-19

HULRT AND COVID-19

- Mobilinx Pandemic Response Plan (PRP) was put in place and is updated regularly for all Mobilinx office staff, site teams, and subcontractors to adhere to in order to ensure the safety of the public, our staff and site workers as well as keeping the project on track.
- PRP Includes, but not limited to:
 - Daily Health Screening forms (digital and paper)
 - Physical Distancing
 - Cleaning/disinfecting high touch points on shared surfaces, washrooms, tools, equipment, vehicles
 - COVID-19 Quality Assurance Compliance Inspections
 - Site Signage and Reminders
 - Preparing for an emergency shutdown (securing the site and offices)
 - Mobilinx employee letter (proof of essential services)
 - Mobilinx employee helpline
 - Daily site safety briefings
 - Town hall meetings

Help reduce the spread of COVID-19

- Smart working / Remote working
- Employee helpline & mental health support 1-855-465-5264
- Daily communications and monitoring work conditions
- Pandemic response plan
- Visual reinforcement in offices and in the field
- Travel limitations & guidelines
- Strengthened hygiene, disinfection and sanitation in offices and on-site

Recognize the symptoms: Fever, Cough, Difficulty Breathing

For more information on COVID-19: www.ontario.ca/coronavirus

Preparatory Construction Update

NOISE AND VIBRATION BASELINE ASSESSMENT

- These assessments takes place before major construction to understand the acoustic characteristics and ground conditions within the area
- Arcadis Canada Inc. retained to gather baseline noise and vibration data from sensitive receptors along Hurontario St.
- Exterior data is collected using non-invasive equipment for a 48-hour period.
- Interior data is collected using non-invasive equipment for a one-hour period.
- Selected properties owners along the corridor will be contacted by phone, email, or regular mail requesting permission to set up equipment on their property
- Participation is voluntary.

EARLY WORKS UPDATE

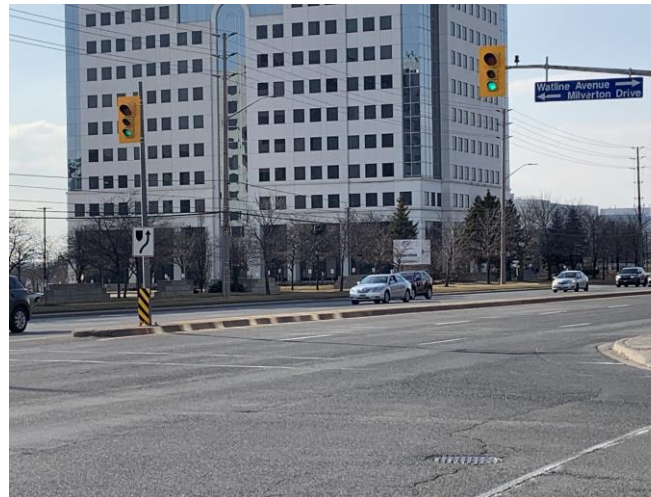

Test Pits

- Works completed in Work Zones 11, 12, 13, 14, and 15.
- Work in Zones 3, 7, and 8 expected to be complete in April-May, 2020

Median Removals

- Medians removed and roadway paved between Matheson Blvd and Britannia Rd.

OPERATIONS MAINTENANCE STORAGE FACILITY

Work Completed

- Investigation borehole drilling
- Demolition of residential farmhouse, septic tank, and underground water cistern pits
- Backfilling of the resultant pits
- Removal of debris
- Fencing of property

OPERATIONS MAINTENANCE STORAGE FACILITY

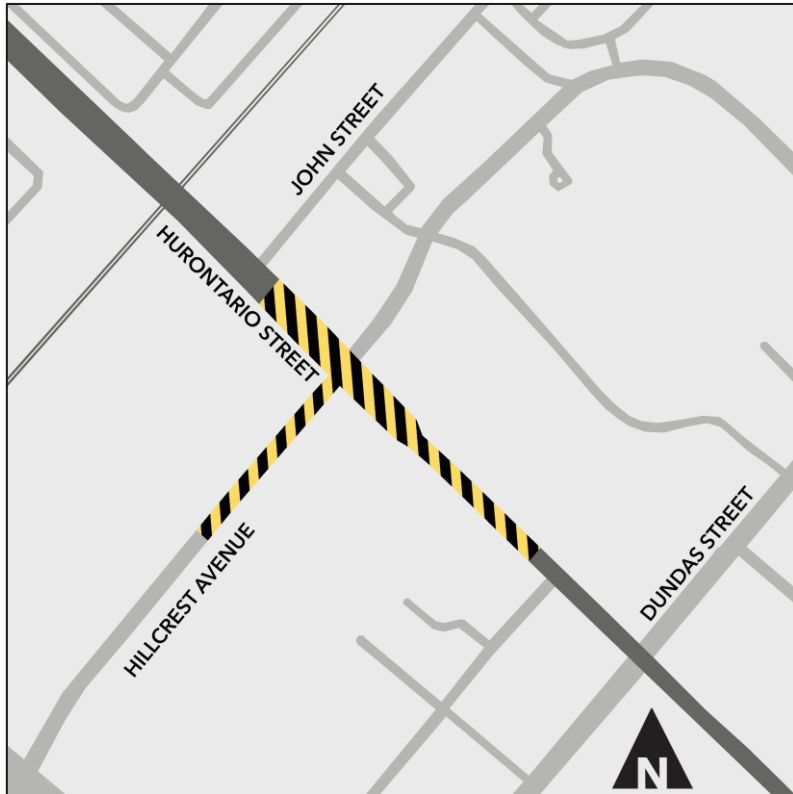

Ongoing Work:

- Construction of temporary parking lot
- Laydown area
- Delivery and set-up of site office trailers
- Installation of Environmental Protection Measures (silt fencing, etc.)
- Construction of access haul road
- OMSF is expected to be completed by 2022
