

# Lakeshore East Rail Corridor: Weekly In-Corridor Work Update

Update for the weeks of: Saturday, October 19 - Saturday, November 2, 2024

Hours of work:

- Daytime: Monday- Friday, with weekend work where necessary from 7 a.m.- 7 p.m.
- Overnight: Monday - Sunday from 8 p.m.- 5 a.m. (nights of work depend on activity - further details below).

This notice provides an update on the work happening in the rail corridor over the next two (2) weeks and is updated every Friday.

### What is happening?

Construction work is underway in the Lakeshore East rail corridor to prepare for the future Ontario Line. This notice provides a progress update on the works taking place in the rail corridor. **Certain construction activities may cause noise and vibration at nearby properties. For further details, please carefully review the information provided in the table below.**

Overnight Work (Monday - Sundays, 8 p.m. - 5 a.m.)		
Date	Location	Activity
<p>● Saturday, October 19 - Saturday November 2, 2024</p>	<p>Within the rail corridor between Eastern Ave. and Thackeray St.</p> <ul style="list-style-type: none"> <li>• Most track work will take place between Queen St. and Dundas St. for the next week</li> <li>• Night work between Eastern Ave. and Queen St. may be required</li> </ul>	<p><b>Track work</b> Shifting tracks, replacing track ties, compaction, and backfilling ballast. **Residents in nearby properties may experience noise and vibration from the work; monitoring is in place to ensure levels stay within acceptable limits. Crews will do their best to limit disruptive work overnight.</p>

Daytime/Evening Work (Monday to Friday, 7 a.m. - 11 p.m., and occasional weekend work from 7 a.m. - 7 p.m.)

<p>● Saturday October 19 - Saturday November 2, 2024 *Activity will only take place Mon - Sat from 7 a.m. - 7 p.m.</p>	<p>Within the rail corridor between Eastern Ave. and Dundas St. <b>*Work will be taking place at the Booth-Paisley corner from Mon Oct 21 - Thurs Oct 24.</b></p>	<p><b>Retaining wall construction</b> Placing concrete blocks, backfilling, and compaction work *Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.</p>

 Saturday October 19 – Saturday November 2, 2024	Within the rail corridor between Queen St. and Dundas St.	<b>Noise barrier installation</b> Drilling foundations and installing noise barrier panels
 Saturday October 19 – Saturday November 2, 2024	Within the rail corridor between Eastern Ave. and Thackeray St. <ul style="list-style-type: none"> <li>• Most track work will take place between Queen St. and Dundas St. for the next week</li> <li>• Track work between Eastern Ave. and Queen St. may be required</li> </ul>	<b>Track work</b> Shifting tracks, replacing track ties, compaction, and backfilling ballast. <b>**Residents in nearby properties may experience noise and vibration from the work; monitoring is in place to ensure levels stay within acceptable limits. Crews will do their best to limit disruptive work overnight.</b>

### What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implanted to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.

### About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
